About The Community Foundation of PEI

The Community Foundation of Prince Edward Island provides a well-established means to support philanthropic activities for Prince Edward Islanders to support community needs. We work with donors to find the best ways possible to participate, learn and serve their communities while meeting their charitable goals.

Our mission is to improve the quality of life on PEI through the creation and building of endowment funds that will enhance life for all residents. **We believe we are the ideal organization to handle any donor's philanthropic activities.**

Permanently endowed funds are established and built by donors making tax receiptable gifts which are placed in long term investments. In the case of a gift of securities, the total market value of the securities is endowed, and a charitable tax receipt is issued for the same amount thereby avoiding any capital gains tax.

Once the gift has been received by the Foundation, it is invested in the consolidated endowment portfolio for investment while retaining its individual identify for granting purposes in perpetuity. Endowments are invested to ensure that their earnings will be adequate to fund the annual granting capacity, along with the cost to operate the fund, and inflation. This ensures the impact remains the same throughout the years.

Fund earnings are used to provide granting according to the donor's wishes to qualified charitable causes. The **Foundation's** policy is to grant 4% of the 4-year average Fair Market Value of each endowment fund on an annual basis. The **Foundation** does not grant any amount that would encroach on the principal amount. On an annual basis, the Foundation examines the donor's granting instructions to ensure the proper allocation and gifting of funds to the appropriate organizations is completed as per the donor vision.

The **Foundation** will always act in a non-biased manner to a donor's best interests to ensure the vision and legacy of each donor is adhered to in providing disbursements in perpetuity. We provide the benefit of allowing donors to create a single endowment fund in support of several causes to assist in achieving the donors' philanthropic goals. Finally, we provide the flexibility for donors to adapt granting wishes to specific areas of support if their original vision changes for any reason.

We hope to assist you in any of your philanthropic desires to leave a legacy as we strive to make Prince Edward Island an even better place to live for the next generation and beyond.

Introduction

The Community Foundation of PEI partners with donors, organizations and educational institutions to ensure that those who can make a difference in our community are supported and recognized.

Granting builds upon the strengths and responds to the needs of the community. It is the most visible aspect of the Community Foundation of PEI (CFPEI) work with the community and is the core of our community foundation; it is simply what CFPEI does. As a public foundation, CFPEI fulfills federal regulations for community foundations by awarding grants to qualified donees as defined by the Income Tax Act. Our mandate is to use income from its funds for charitable purposes within the province of Prince Edward Island.

Whether we are referring to businesses that partner with charities, individuals who have made a lasting legacy through contributions to the community, or students working toward their educational goals to enable their future engagement in our community, the Community Foundation of PEI is here to support, encourage and recognize their efforts to make PEI the best place in the world to live!

Enclosed in the following package is information on all scholarships and grants that are available from the Community Foundation of PEI in 2019! All grants and scholarships have been made available by generous donors who have entrusted to administer these contributions based on their wishes.

Scholarships
